

Landscape Design Services

About Our Services

We create planting plans for customers based on information they collect at their site.

We can create designs for projects ranging from containers to borders to large urban lots.

Our designs are hand drawn to scale and are accompanied by a plant list to assist in shopping.

Steps to Obtaining a Design

1. Fill out our questionnaire; it's available at our store and online at www.portlandnursery.com. Be sure to get input from everyone who will live with the garden.
2. Take site measurements and photos, following the instructions found on the questionnaire. Be sure to have the photos printed.
3. Call 503-788-9000 and ask to make a consultation appointment with one of our designers. Consultations are available by appointment only and cost a flat fee of \$100.
4. In exchange for the planting plan, you purchase yourself a gift card based on the square footage of your project. Consultation fee is due at the first appointment. Gift cards are to be purchased at the final design presentation appointment.

Note:

Although we can suggest placement of hardscapes, we do not design or do construction drawings for such things as decks, water features, paths, patios, etc.

We do not install or maintain gardens, however for an additional fee, we can plant your containers purchased from the nursery.

Design Fees

Consultation Fee: \$100

Gift Card to Purchase:

Up to 100 ft²\$100

101 ft²—500ft².....\$250
